

ABSTRACT SUBMISSION GUIDELINES

Please ensure that you choose the most appropriate track(s) for your submission. Note that submitting an abstract constitutes the author's consent to include it in the AESOP Open Access Congress Proceedings.

Please provide at least one alternative to your preferred track.

Please note that as the presenting lead author, you may contribute a maximum of 2 papers, but there is no limit on the number of co-authorships.

Title: - Title should be concise, informative and descriptive. Please avoid abbreviations and formulae, where possible, unless they are established and widely understood.

Content: - The abstract should briefly state the purpose of your research, principal results and major conclusions. - The abstract should not exceed 500 words. - Any additional element, such as a table or a figure, must be included in the document in its appropriate place. No additional file will be accepted. - Please avoid non-standard or uncommon abbreviations. If any are essential to include, ensure they are defined within your abstract at first mention. - Good quality English is expected.

Authors: - Please provide each author's title, affiliation, first name(s), family name(s), e-mail, address and phone number. Carefully check that all names are accurately spelled. - Please provide each author's role as author or co-author, and do not forget to enable the "speaker icon" in the submission system for the presenting author. - Define the order of authors or co-authors via the drag and drop function in the submission system.

Keywords: - You must provide three to five keywords.

References: - Please to provide three to five references to pertinent literature indicative of the theoretical framework of your paper. - Do follow the Harvard referencing style, e.g., (Campbell, 2020), and arrange the reference list in the alphabetical order using the formatting examples:
